# INTRODUCTION

## This directory provides a list of Alignment Health Plan's network providers.

You will have to choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). There are several types of providers that may serve as your PCP, and these include: Family Practice, General Practice, and Internal Medicine. Generally, you must get your health care services from your PCP. The term "PCP" will be used throughout this directory.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. For services requiring a referral, your PCP will provide the referral when needed. Your care is directed by your physician, and they may not admit to all network hospitals or skilled nursing facilities, or they may not refer to all network providers.

Always confirm the participation status of the physicians, facilities, and providers before receiving services If there are specific hospitals, skilled nursing facilities or other providers you would like to access, please call Alignment Health Plan's Member Services to determine your physician's network affiliation.

If you use non-plan providers, you may have to pay more.

There may be times when you get a bill from a non-plan provider for the full cost of medical care you received If this happens, you should send us the bill along with any documentation of any payment you have made for consideration Mail your request for payment together with any bills and receipts to:

Alignment Health Plan  
Attn: Member Services Department  
1100 W. Town and Country Road, Suite 300  
Orange, CA 92868

If we decide that the medical care is not covered, or you did not follow all the rules, we will not pay for our share of the cost Instead, we will send you a letter that explains the reasons why we are not sending the payment you have requested and your rights to appeal the decision.

You must use network providers except in an emergency, urgent care situations, out-of - area renal dialysis, or other services A medical emergency can include severe pain, a bad injury, a sudden illness, or a medical condition that is quickly getting worse When you have a medical emergency, you believe that your health is in serious danger You may obtain emergency services from the closest available provider, and you may obtain urgently needed services from any qualified provider when out of the plan's service area or when network providers are unavailable.If you obtain routine care from out-of - network providers, neither Medicare nor Alignment Health Plan will be responsible for the costs.
